

## Almost There

From Indian Lakes

In the dark I feel warm enough  
And I count my fingers out in front of my face  
In my mind it's a crowded room  
And your bodies linger, and I'm not afraid

I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there  
I'm almost there

(Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there  
Almost there)  
Almost there)
