

Break Away

From Our Hands

You don't need a reason
To burn this city down
News are full of struggle
People fighting all around
They'll give you a reason
They'll show you the way
You're supposed to trust them
If you play their game
No way
Burn the resolution
Find your way
Burn this city down
No disgrace
Believe in your own dreams
And you will be fine

Break away
From life that simply fades away
In pieces
Find your way
All you need is to
Move today
It's within grasp
Lost integrity can't be found deep inside
Responsibility, there is no place to hide
Reach out for something that provides eternity

Surrounded by the bullshit
That I couldn't stand
To live behind the fences
Is where they want you to have
They will give you reason
They'll show you the way
You're supposed to follow
If you want to play the game

Moving on
Is this what you've been waiting for
Going on
I can't believe this is going on
