

## 7 Rain

Front 242

When I was banging at your door  
When I was crawling on your floor  
When I came back and shouted louder  
When I came back and shouted louder  
I needed help and called your name  
I waited long and no one came

Am I getting grey?  
Separated ties  
Separate these binds  
Did I get insane  
From the role I've played?  
And the waiting's over  
What a quietning day  
I'm already fine  
I've been breathing sighs  
Of the big devine  
Am I getting grey?

When I was banging at your door  
When I was crawling on your floor  
When I came back and shouted louder  
When I came back and shouted louder

Am I getting grey?  
Separate these lives  
Separate these binds  
Did I get insane  
From the role I play?  
And the waiting's over  
I've a quiet today  
I'm already fine  
I've been breathing sighs  
Of the big devine

When I came back and shouted louder (4x)
