

# The Dumbing Down of Love

Frou Frou

Well painted passion  
You rightly expect  
Impersonation  
The dumbing down of love  
Jaded in anger  
Love underwhelms you  
No box of chocolates  
Whichever way you fall  
And if i tell you  
Lover alone without love  
What will happen  
Lover alone without love  
Will you listen  
Lover alone without love  
No no i'll get this  
I want to treat you  
You're still not famous and you haven't struck it rich  
Underachieving  
Cos no-one's receiving  
This tunnel vision  
Is turning out all wrong  
Music is worthless unless it can make a  
Complete stranger break down and cry  
And if I tell you  
Lover alone without love  
What will happen  
Lover alone without love  
Will you miss him?  
Love alone without love  
Without love  
Without love  
Without love
