

# Intelligent Worship

Fu Manchu

Blind eye run in circle - seals your fate  
Bow down to the one - you create

Try to tell you one thing  
I try to tell you why  
Try to show you somethin'  
As you sit by

Safe - inside  
Hover high seein' down below  
Safe - inside  
Intelligent worship alone

Blank mind in your eyes - you exist  
Tell me what you see - somethin' I missed

Try to tell you one thing  
Try to tell you why  
Try to show you somethin'  
As you sit by

Safe - inside  
Hover high seein' down below  
Safe - inside  
Intelligent worship alone

Tell yourself - you're safe inside  
Thinkin' back - you wonder why  
Tell yourself - you're safe inside  
Safe inside, safe inside  
Safe inside, safe inside  
Safe inside, safe inside

Bow down to the one you create
