

Invaders On My Back

Fu Manchu

I knew we'll land in
To an outspace peak
Love watching you suffer
Like nothing you've seen

Invaders on my back
Catastrophe unfolds
Invaders on my back
Taken from my home

Reserved every headshot
Four days at a time
You attend the upheaval

Taking over your mind

Invaders on my back
Catastrophe unfolds
Invaders on my back
Taken from my home

Invaders on my back
Catastrophe unfolds
Invaders on my back
Taken from my home

Invaders
Invaders
Invaders
Invaders
