

# Shake It Loose

Fu Manchu

A sucker is born every minute or two  
All the fingers in the womb will be pointed right at you (at you)  
Another number runner takes a place and the other side frowns  
You hit the deck as its goin down

So...

Shake it loose, i try tellin you  
Shake it loose, you'll be back real soon  
Shake it loose, i try tellin you  
Shake it loose

A new day dawning means another chance to hurry thru  
All the time in the world is never enough for you (for you)  
It all adds up to another blank face in the crowd  
You hit the deck as its goin down

So...

Shake it loose, i try tellin you  
Shake it loose, you'll be back real soon  
Shake it loose, i try tellin you  
Shake it loose

Shake it loose  
Shake it loose  
Shake it loose

Shake it loose (shake it loose, shake it loose)  
Shake it loose (shake it loose, shake it loose)

Shake  
It  
Loose  
Shake  
It  
Loose
