

Obliteration

Fueled by Fire

Showing lack of reverence
For religious deity
Create religious violence
Intense and ruthless acts
For moral obligation
To wage aggressive war
All who plan to annihilate
Those insulting god

Future is uncertain
Threats of war
World wide peace
Nothing more
All for beliefs
In false divinity
Murder of the innocent
By global terrorism

Showing lack of reverence
For religious deity
Create religious violence
intense and ruthless act
For moral obligation
to wage aggressive war
All who plan to annihilate
Those insulting god

Killing for total salvation
Causing obliteration

Holy hypocrites
Seek peace, but blood is shed
Hatred and intolerance
will cause this world to fall
People who claim God
As their holy savior
Wishing death
On those who conceive

Obliteration
Obliteration

Bloodshed is inspiration
To destroy multiple nations
Eliminate unmercifully
Those as seen as blasphemy
Causing obliteration, killing for
Total salvation

Bloodshed becomes inspiration
Killing for total salvation
Destroying multiple nations
Causing obliteration
