

Love Song

Full Devil Jacket

You, I want to love you
And you, I would break
True, I can only hold you
And you, I'd never take

Thought you were my friend
Now it's over
I cannot pretend
I feel below her

You, I want to love you
And you, I would break
True, I can only hold you
And you, I'd never take

Nails into my back
Worms within me
There's no turning back
She's within me

I only wanted love
Feels like so cold

I wanted, I wanted
I wanted, I wanted love
I'll never, I'll never, I'll never
?Cause I don't need that

Don't want love, never needed it
Well, you took my life
And you took my soul
And you threw it all away

You, I want to love you
And you, I would break
True, I can only hold you
And you, I'd never take

You, I want to love you
And you, I would break
True, I can only hold you
And you

I only wanted love
And I only need someone to hold
You were there for me
Never cut you out and put you under me
