

Cursed Eternity

Funebrarum

Hideous rotting bodies lurch
Torments reckoning
Macabre damnation unleashed
At mankind's beckoning

Shadow of sigil Baphomet
Hellfire descends
Eulogies spoken in tongues
Signal mankind's end

Under blackened skies
Crimson rivers flow
There are ways of ancient evil
Beyond what mortal flesh can know

Rage plague waves of misery
The earth, a lifeless void
Horrifying agony
Humanity destroyed

Tortured forever...

Putrified malignity
Unleashed upon mankind
A holocaust of evil
Global genocide

Shadow of sigil Baphomet
Hellfire descends
Eulogies spoken in tongues
Signal mankind's end

Under blackened skies
Crimson rivers flow
There are ways of ancient evil
Beyond what mortal flesh can know

Left to rot - innocence demise
Damnation - eternal
Agony - never to end
Prophesied - it has been foreseen

A new evil will rise...

Wretched abominations writhe
On a landscape of grief
Prey for un-ending torment
Cursed eternity...
