

Back in Our Minds

Funkadelic

We are back in our minds, again
We are back in our minds, again
We are back in our minds, again
We don't fight no more
We don't close that door
This time for sure
We can't stand no more
Fussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live in
We are back in our minds, again
We are back in our minds, again
We are back in our minds, again
We don't fight no more
We don't close that door
This time for sure
We can't stand no more
Fussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live in
Back in our minds again
