

## A System of Symmetry

Further Seems Forever

Lost in the pilgrim sky  
A crack in a perfect line  
A cure for the common good  
You did what you knew you should

I watched as you pulled away  
To be what you had to say  
Torn from the ceiling down  
Before you can turn around

The once and the future queen  
A series of settlements  
The hope and the hopeless cause  
The moment the morning comes

A system of symmetry (4x)

A pen sticking in my ribs  
Just isn't enough to live  
The ark of the waning moon  
There's nothing more we can do

Walk away dead and gone  
No sense when the timing's wrong  
For be on the worry soon  
She says what I've always known

A system of symmetry (8x)
