

How to Start a Fire

Further Seems Forever

Lets set this city ablaze
We'll burn down the
Monuments and build
Mountains in our place we
Could see everything. we
Could start a fire (we could start a fire)
And all shine in its light
Shine so bright we burn in
Eyes and heal the stories
Ending.

This is the last
Time we will ever bleed to
Feel alive. consider
This a rehearsal your
Heart of hearts rekindled. [2x]

The last
Time we will ever bleed to
Feel alive.

Catching the fruits of our
Labors and holding our
Hearts in our hands
Waiting for you to sound a
Prayer in the form of an
Anchor replied by holding
You up in red skies bound
By love. let's set this
City ablaze we'll learn
How to start a fire (we'll learn
How to start a fire) shine
So bright we burn in eyes.
(we could start a fire)
