

# Bucket Full Of Sunshine

Fuse ODG

Lord knows I'm tryna be myself, she knows I'm on, she knows I'm on the radar  
I'm tryna be myself, she knows I'm on, she knows I'm on the radar

Ay!!! It's Fuse. O K  
It's Off Da Ground

Eeeeeiiiiiiiiiiiiii awwwww yeeeeeeaaahhhhh eeieiei

OK OK OK OK-AY!

See sometimes I just wanna give in  
But my heartbeat don't let me skipping from within  
So I press play and let the track begin  
And bring you sight through what I say and show what's happening  
When the weatherman predicted that mum would have a son  
She'd pray that he'd be gifted, become number one  
But this is more than music, I wanna change lives  
See I'm ready to use this so I can save minds  
Watching this episode, a lot of people lost  
I'm the map for this road, so turn the sequel off  
Now let me take on a trip that you ain't never been  
See I'm your dosage when you sick and need some medicine  
I want my listeners to listen for some remedy  
I want my listeners to listen for some therapy  
Lay back; tell me what is on your mind  
All I really wanna do is see success so I grind

I know I've been on your mind  
Thinking how am I gonna make it through this rain to you on time  
It's just a matter of time  
And Imma pave my way to a bucket full of sunshine

Eeeeeiiiiiiiiiiiiii awwwww yeeeeeeaaahhhhh eeieiei  
And Imma pave my way to a bucket full of sunshine  
Missed calls on my phone seeing texts pile up  
Sacrificing hellos just to get hiya  
Driven by a lot of shows now I'm getting tired  
Tell me does the pain show standing in this flyer?  
You pick and you read me then throw me in the bin  
You aint heard about me then tell me where ya bin?  
I'm in my own lane, I'm tryna be the smartest  
Everybody sound the same tryna be the hardest  
We all can't be Waynes, we can't be Shawn Carters  
I'm just tryna bring change surrounded by Obamas  
I heard some people sell their sole just to buy a shoe  
I'm tryna achieve my goals so I aim and shoot  
See nowadays I don't rest, no sleeping here  
Coz I'm chasing success so I can leave with her  
See on this track 'eye' am deaf you don't see me hear  
But you can feel the higher depth of what I'm speaking here

I know I've been on your mind  
Thinking how am I gonna make it through this rain to you on time  
It's just a matter of time  
And Imma pave my way to a bucket full of sunshine

Eeeeeiiiiiiiiiiiiii awwwww yeeeeeeaaahhhhh eeieiei

And Imma pave my way to a bucket full of sunshine  
O I keep digging you know I keep digging Imma  
(Pave my way to a bucket full of sunshine)
