One day you go get your payback  
See everybody wanna show you love  
Put me in the ground, you lef me for dead oo  
More life was found  
Shoulda cut off my head oo

Put me underground  
You lef me for dead oo  
More life was found  
Shoulda cut off my head oo  
Did you know that you buried the seed  
Did you know that you buried the seed  
Shoulda know that you buried the seed  
Did you know that you buried the seed  
Thank you for making me a family tree

Thought I wouldn't see the lighter day but the day came  
Swim to life, I drown in liquor  
Sometimes you go through sh!t to get your sugar  
So I, rise and grind with blood and tell you  
Me geminate, escape the soil  
You left me with tears but you came back to laughter  
Medaase for opening this chapter

Now im dapper, kai
