

Outside Of The Ropes

Fuse ODG

Forgive my 'trudeness
I wonder if I can have a chance to talk to you
I won't need no rudeness
I know I'm not in V.I.P
But I'm right here next to you

I'm just a soul on this earth
Looking for my purpose
I been to school and I been to church
Still I'm always searching
I'm just a soul on this earth
Looking for my purpose
And today I'ma be right here

So we should get mad drunk
Drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little

Can we have a little dance outside of the ropes?
We just regular people, outside of the ropes
Can we have a little dance outside of the ropes?
We are just regular people, outside of the ropes
Can we have a little dance outside of the ropes?

I ain't no big baller
Give me the chance to let me call ya
I got so much love for ya
You don't need to judge me like a lawyer
I don't wear my clothes in all designer
No Rolex on my wrist (No, no, no, no)
But I know my heart is the finest
Just gimme one chance in this

I'm just a soul on this earth
Looking for my purpose
I been to school and I been to church
Still I'm always searching
I'm just a soul on this earth
Looking for my purpose
And today I'ma be right here

So we should get mad drunk
Drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle

Can we have a little dance outside of the ropes?

We just regular people, outside of the ropes
Can we have a little dance outside of the ropes?
We are just regular people, outside of the ropes
Can we have a little dance, dance-?

Loving, the way you move ah
Gimme, gimme me your number
Don't wait to say you're sure
I can't wait no longer, yeah
Loving, the way you move ah
Gimme, gimme me your number
Don't wait to say you're sure
I can't wait no longer, yeah

(You're also making them people spilling drinks on my shoe)

So we should get mad drunk
Drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Make her have some fun and giggle
Loud drunk, drink a little
Can we have a little dance outside of the ropes?

I know I'm not in V.I.P
But I really want you beside me
(Outside of the ropes)
One day you can be wifey
Like baby give me that good whining
(Outside of the ropes)
Girl, you are somebody
You the apple of my E.Y.E
(Outside of the ropes)
So don't watch nobody
'Cause to me, you're the V.I.P
(Outside of the ropes)

So don't watch nobody
'Cause to me, you're the V.I.P
Outside of the ropes
