

Feeling

Future of Forestry

I earned my wage, put some move son her play
The sun is low. She is diamond, she knows
This is middle land

Free man, free, some are waitin' for me
I would soothe my soul into something I know
This is middle land

Oh, I'm feeling
I'm feeling
Like I'm home again

Yea, I'm feeling
I'm feeling
Like I'm home again

She don't know this 'til she leaves with a kiss
Her heart won't rest though she gives it her best
In the middle land

For 2 are 1, leavin' life on the run
And when they run they make each other their home
In the middle land

Oh, I'm feeling
I'm feeling
Like I'm home again

Yea, I'm feeling
I'm feeling
Like I'm home again

Oh, I'm feeling
I'm feeling
Like I'm home again

Yea, I'm feeling
I'm feeling
Like I'm home again
