

Cool AF, I'm just being me
Fresh to death, RIP
Monkey bars, hang with me
This a life, take a peek

Yo yo, think I found my mojo
I used to be a dog, hung around like Todo
I knew where to go though
The flow is hot like coco
Man, I love all my dogs
Ain't gotta say "No homo"
The flow is hobo 'cause it's dirty, ay
Wordy with my verbies
Curvy is my girly, we make love, eleven-thirty
Uh, rough like it's a derby
She cute though like a Furby
All up in my tempo 'cause I'm bubblin', man that's Sherly
And I'm surely iller, got no fillers up in my sentence
And I'm certainly killer, I got bars like I got a sentence
And I'm sternly realer, I go Thriller without the zippers
I'm a worldly pillar in the ocean with both my flippers
What's the kicker? Used to be able to kick back with heavy hitters
Now I made a system like birth these rappers, hire the sitter
While I did the dinner, then put it in her, gave her a winner
And that shark go through the water
That boy an Olympic swimmer, ooh

Cool AF, I'm just being me
Fresh to death, RIP
Monkey bars, hang with me
This a life, take a peek

Hey
I got 'em huffin' and puffin', this one ain't up for discussion
You make some bread, all of a sudden, she want a bun in the oven
I need some acres and acres, at least a couple, a dozen
I seek some land in the country, I get the guns from my cousins, shoot
Growing up, my plans are all in disarray
Wouldn't wanna have it any different way
She lyin' to her man and she sneakin' out again
Bitch, it's Sunday, what the fuck you mean you grabbin' Chick-fil-a?
Wait, I mean it when I say that I'm the hottest
Ask me that in person, shit, I'm probably being modest
I've been studying and watching how the greats were making products
Back when 50's in the club and Em was cleanin' out his closet
So where the fuck you wanna go from here, huh?
Let me emphasise and make it clear, huh?
I'm levelin' and movin' up a tier now
Magic, everyone who goes for me just reappear, wow

Cool AF, I'm just being me
Fresh to death, RIP
Monkey bars, hang with me
This a life, take a peek
