But it's really killing kids when is you gon' learn?
[x2]

Smoke a couple blunts watch some Looney Tunes
Speaking of tunes, got this groove and it's hella smooth
I write them jams off for you, get you in the mood
You know
I'm bout conversations by the pool
I'm bout thinking bout the future
I'm bout lifting people up, I'm not with calling them losers
I'm bout working towards my goals
I'm bout smiles and vibrations
I'm bout killing all these shows, got the [?] participation

Man that's not the vibe boy I swear to god
You think that shit is tight but it's really not
Xannies and the percs, yeah they got you turnt
But it's really killing kids when is you gon' learn?

The pressure should never be glorify
It is better never ever commit suicide
That shit to trip about now, don't matter next week
And happiness is just a choice, man look at me
Okay
We gon' live life to the fullest, for my people take a bullet
Call you shot, you got to pull it
It's your life gotta control it
All you really need is focus
Nobody should feel so hopeless
Take care of yourself, I know this
It get better as you growing, ah

Man that's not the vibe boy I swear to god
You think that shit is tight but it's really not
Xannies and the percs, yeah they got you turnt
But it's really killing kids when is you gon' learn?
