Ooh, who is that dude?
I got millions, how 'bout you?
Thumbing through the bands like the songs on queue
Now I see it all with a birds' eye view
Achoo, blessed like a sneeze
I'm that dude, who the fuck is he?
Flow stay hot, I live in AZ
It's 118 fucking degrees
I ain't need class
Coulda stopped when they taught me how to add
'Cause I don't subtract
Send me to the back
Multiply the income, homie that's facts
Plus tax
Fuck it, who cares?
Pop another bottle, throw some money in the air
Hop up in the pit, fucked up the fit
He stepped on my kicks, I'll get a new pair motherfucker like

Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit
Ooh shit, ooh shit

[Moxas:]

What? I been vacant for a minute
I don't really want the beef, I'm getting bacon for a minute
Got your bitch, she getting naked for a minute
I can take your lady, turn into a lake, I'm jumping in it
Aye, when there's drop, man I'm on it
I don't trust nobody that I'm not on a song with
Got a lot of brains, but this shit not from college
And I don't like books or the wind when I'm going
Yeah, let me check my watch
I don't think I got the time and let me check my thoughts
I been busy with these bitches, had to check my thots
If you writing me a check, then what the check might cost
Got 'em yelling "Ooh shit, ooh fuck"

Turn your little wife to a widow, yeah
I got bands off demos, yeah
And I got a plan, I don't give no fucks, yeah
