

# Wake Up

## Futuristic

Here I go, here I go, here I go, here I go  
They telling me that my fame came overnight  
That's kinda funny, I was spitting as a lil kid  
Back when I had braces just to fix my goofy overbite  
I coulda swore that I was gonna be the Kobe type  
Ballin' in the morning through the day until the cold of night  
Until I realized that I wasn't getting taller  
Put down the ball and picked up a pen  
To make sure that my flow was tight  
And now it is, now it is, now it is, now it is  
I dare you to tryna tell me it ain't  
Got a couple hundred blogs  
A million video plays  
And big names that say I do my thing  
And now I see my dreams, everytime that I'm awake  
But I'm on the freeway, it's a couple miles away  
Got me speeding down the road, like a high pursuit chase  
I'm like an anorexic model, cause I really hate the wait

I know that you been dreaming, but please wake up  
And I think, that you should see this, so please wake up  
I been dreaming, for all my life  
Sitting standby, wating for my flight  
I think I need to wake up, I gotta wake up, I'm 'bout to wake up  
I been dreaming, for all my life  
Sitting standby, wating for my flight  
I think I need to wake up, I gotta wake up, I'm 'bout to wake up

Here I am, here I am, here I am, here I am  
It's crazy that these dreams 'bout to come true  
See? I been grinding for years, I got my foot in the door  
Now I'm about to kick it down, like kung fu  
Never dependent on others, they never come through  
You couldn't be me, or walk a mile in one shoe  
I'm getting calls from these labels  
Like do this and do that we'll get back at you  
Okay what's new  
It's tough dude, but I ain't tripping, I got it  
Spent every dollar I had in my pocket at the studio  
And now I'm getting good reviews  
From these blogs and these websites saying  
Futuristic got that stupid flow  
Old timers saying I'm better than Coolio  
Well thanks, I would hope so  
Everybody ask me if I think I'm gonna make it  
I tell them I don't think so, I know so

I know that you been dreaming, but please wake up  
And I think, that you should see this, so please wake up  
I been dreaming, for all my life  
Sitting standby, wating for my flight  
I think I need to wake up, I gotta wake up, I'm 'bout to wake up  
I been dreaming, for all my life  
Sitting standby, wating for my flight  
I think I need to wake up, I gotta wake up, I'm 'bout to wake up
