

Wit My Dogz

Futuristic

I know them haters is out for me
I always handle it properly
Too busy counting my broccoli
Look like I'm playing Monopoly
I did some dirt in my young days
Then I took off like the run way
They see my face on the front page
I did kick it in one place
Okay everything change but I still stay me
Everybody changing too many freak
Everybody mad by the way shit go
Looking at the fan, nah they can't be me
Learn from the way that the OG's move
When I grow up, I'mma be like you
Lil bit better than you taught me to
Circle real small as a chosen few

I be with my dogz, yeah with my dogz
And when times get hard, I'mma give 'em that call
I be with my dogz, my brothers, my squad
I be with my dogz, I be with my dogz

Look how the people surrounding me
Remember everyone doubted me
Now they all tell me they proud on me
Look like I just won the lottery
They want a piece 'cause I came up
I shoud hit 'em with the changer
We ain't let nobody break us
Now we sitting with the Lakers
And it's only right I'm the MVP
I worked hard, I ain't get no sleep
All day long I was on my grind
Got a big plate and now everybody eat
I mean everybody fees
'Cause I want 'em all to win
Fly around the world we gon' do it all again
Blood doesn't mean that we don't relate
Choose my brothers, my fam, my kin

Nigga get in my dogz, get in my dogz
And when times get hard, I'mma give 'em that call
I be with my dogz, my brothers, my squad
I be with my dogz, I be with my dogz
I be with my dogz, dogz
