Gabe Bondoc

I don't want another phone call
I don't want another e-mail
Don't want another letter,
Postcard or photograph

Sick and tired of the time-zones
All I want is little bit of time alone
Just you and me
With a little bit of space in between

Don't care how we get there long as we get there...

I wanna be close so close
I don't care what that entails
I wanna be
I wanna be close to you

Do you wanna be close so close
I don't care what that entails
I wanna be
I wanna be close to you

This camera it don't do you justice
These cables tug at my heart
Much as I love this connection
It don't compare to the spark that

I feel it when I touch your skin
Also your hair with the sun shining
You and me and a little bit of space between

Don't care how we get there long as we get there...

I wanna be close so close
I don't care what that entails
I wanna be
I wanna be close to you

Do you wanna be close so close
I don't care what that entails
I wanna be
I wanna be close to you

Saving up every dollar, yeah
Keeping up with the Jones'es, no
(I don't wanna wait) I don't wanna wait no longer
No no!
Don't care how we get there

We just gotta get there
yeah

Yeah, yeah, yeah!

I wanna be close so close
I don't care what that entails
I wanna be

I wanna be close to you

Don't you know I wanna be now
(Do you wanna be close so close)
Do you wanna be close so close
(I don't care what that entails)
How close do you wanna be?
I wanna be close to you

So close yet so far from you, baby...
