

Metal X-mas

Gaia Epicus

Tonight it's Christmas time and the snow is falling down
Santa is coming here with presents to all in town

Will you sing so they all can hear
Merry Metal Christmas and a Heavy New Year
Let us go and drink a beer
Merry Metal Christmas and a Heavy New Year

We are metalheads and we are proud of who we are
Tonight we all can be a heavy metal star

Will you sing ...

Listen can you hear the Santa's sleigh
Coming here tonight
We can hear the Santa's sleigh all right
Cause it's Christmas time tonight
You can hear his voice in the dark
Ho ho ho ho ho
Santa and his reindeer's are flying high
Like a lightning in the sky
Will you sing so they all can hear
Merry Metal Christmas and a Heavy New Year
Let us go and drink a beer
Merry Metal Christmas and a Heavy New Year
Listen hear the angels sing
Merry Metal Christmas and a Heavy New Year
Let us go and drink a beer
Merry Metal Christmas and a Heavy New Year
