

Livin' In The Rhythm Of Grace

Gaither Vocal Band

My load is much lighter, my pathway is brighter these days
Because of salvation there's no condemnation like the old days
When I finally let go of what I was holding on to, everything fell into place

Now I'm living in the rhythm, living in the rhythm of grace

That grace is yours for the asking, can you believe it?
Why fight the rhythm? Drop what you've got and receive it

My load is much lighter, my pathway is brighter these days
Because of salvation there's no condemnation like the old days
When I finally let go of what I was holding on to, everything fell into place

Now I'm living in the rhythm, living in the rhythm of grace

That grace is yours for the asking, can you believe it?
Why fight the rhythm? Drop what you've got and receive it
(Receive it, receive it)

When I finally let go of what I was holding on to, everything fell into place
Now I'm living in the rhythm, living in the rhythm of grace
Yes, I'm living in the rhythm, living in the rhythm of grace
And now I'm living in the rhythm, living in the rhythm of grace
