

Now Is Forever

Gaither Vocal Band

Now is forever
Forever starts here
My treasure in Heaven
Is what I hold dear
The things that I value
Will show in the mirror
For now is forever
Forever starts here

God will for tomorrow
May seem they can But I still loves the moments
I hold in my hands
The kingdom of Heaven
I see wide awake
I'm building forever

With choices I made

Now is forever
Forever starts here
My treasure in Heaven
Is what I hold dear
The things that I value
Will show in the mirror
For now is forever
Forever starts here

The things that I value
Will show in the mirror
For now is forever
And forever starts here
