

Fall Down

Galactic Industry

I can't lie to you
About your mistakes
Useless to cry
It doesn't make sense

Don't say this anymore
I can't open the door
And complain of anything
Rather do something
And you'll find a good life

I can't lie to you
About your mistakes
Useless to cry
It doesn't make sense
I can't lie to you
About your mistakes
Useless to cry
It doesn't make sense

Please stop your flying
Break your uncrystallizing
Fall down to reality
Understand the clarity
And you'll find a good life

I can't lie to you
About your mistakes
Useless to cry
It doesn't make sense
I can't lie to you
About your mistakes
Useless to cry
It doesn't make sense
