

I Wanna Lead

Galactic Industry

Is here a man
Who'll be able to gain
Clear majority and lead us all?

This time is missing
Real big leaders
The actual ones are so empty

I can try to be a leading man
I can try to be a leading man
I can try to be a leading man
I can try to be a leading man

I think You will love me
Although I will say
Very bad things about you

I can try to be a leading man
I can try to be a leading man
I can try to be a leading man
I can try to be a leading man

I can try to be a leading man
I can try to be a leading man
I can try to be a leading man
I can try to be a leading man
