

In The Infinite

Galactic Industry

Air is a shower today
Sidewalk simulates the grass
All the town is leaving
My mind
I'm standing here in this space
Sky-line is in the infinite
I think I'm playing the bugle now

My feelings
Are fighting in my brain
Game is drawn
My feelings
Are fighting in my brain
Game is drawn

Childhood and old age
Have the same meaning here
I wanna scream
The bugle is stronger
Birds and fishes are swimming
And singing here
I feel strong energy

My feelings
Are fighting in my brain
Game is drawn
My feelings
Are fighting in my brain
Game is drawn

My feelings
Are fighting in my brain
Game is drawn
My feelings
Are fighting in my brain
Game is drawn

My feelings(my feelings)
Are fighting(are fighting) in my brain
Game is drawn
My feelings(my feelings)
Are fighting(are fighting) in my brain
Game is drawn
