

You

Galactic Industry

I'm just your lover
I've always been
Although I wasn't your only one

I'm just your lover
Although sometimes
You behave deuced crazy

You got my life
You got my soul
You got me all
In slow time

When you lie
You are wonderful
I respect your ways
When you lie
You are wonderful
I respect your ways

From time to time
I really think
Why I am still your lover

Maybe that's why
You are the best
Bitch in all the world

You got my life
You got my soul
You got me all
In slow time

When you lie
You are wonderful
I respect your ways
When you lie
You are wonderful
I respect your ways

In slow time...
In slow time...
In slow time...
In slow time...yeah

When you lie
You are wonderful
I respect your ways
When you lie
You are wonderful
I respect your ways
