

Don't Care

Galantis

Let's keep on pretending that we're nowhere
Creating everything as we go
Let's keep on going till we have no fair
We're lost in the sky, we just don't care!
Don't care, yeah don't care, yeah don't care
Don't care, yeah don't care,
We're lost in the sky, we just don't care!

We said we're not coming unless we get there
Changing all of us as it grows
Let's keep on going until it becomes clear
We're lost in the sky, we just don't care!
Don't care, yeah don't care, yeah don't care
Don't care, yeah don't care,
We're lost in the sky, we just don't care!

Let's keep on pretending that we're nowhere
Creating everything as we go
Let's keep on going till we have no fair
We're lost in the sky, we just don't care!
Don't care, yeah don't care, yeah don't care
Don't care, yeah don't care,
We're lost in the sky, we just don't care!

Don't care!
Don't care!
