

You're just takin' what you find  
Baby it's all mine, mine, mine  
And you're think that you could justify it  
You only stay the night  
Give me peace of mind, mind, mind  
What you're throwin', baby, I don't buy it

You take what you don't deserve

And honestly I  
Can't keep overlookin' all your crimes  
You keep tellin' me what's yours is mine  
But you lie  
'Cause you don't wanna hurt your pride  
And honestly I  
Can't keep overlookin' all your
