

Forfeit

Gallant

Forfeit, without you it's not the same, forfeit...

How much I cry, ooh I want anything it's better without you
Darling, I'm sorry, I let your words and think I run for more
Wanna love you, wanna touch you

Left the [?]

Did you want to?

Forfeit, without you it's not the same, forfeit

Forfeit, without you it's not the same, forfeit

Feeling inside me, yeah, can wait to see

Now I just smile, I know we said [?] this things before

Wanna love you, wanna touch you

Left the [?]

Did you want to?

Forfeit, without you it's not the same, forfeit

Forfeit, without you it's not the same, forfeit

Forfeit, without you it's not the same, forfeit
