

Hurt

Gallant

You say "how do we find out?"
(But I can tell, I can tell)
They steal, lies and that's mine
You know just what they say
(To make you stay, make you stay)
While you're twisting the blame

You know me the best but you
Hurt, hurt, hurt
Hurt me the worst
You know me the best but you
Hurt, hurt, hurt
Hurt me the worst
You know me the best but you hurt
Every single things you know about me
Is every single things you used to only
Hurt, hurt, hurt
Hurt me the worst

'Cause you know me the best
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
You hurt me the worst
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)

I know I should let go now
(But I don't, but I don't)
No one else feels like home
(No)
You know just what to say
(To make me stay, make me stay)
One more dose of the pain

You know me the best but you
Hurt, hurt, hurt
Hurt me the worst
You know me the best but you
Hurt, hurt, hurt
Hurt me the worst
You know me the best but you hurt
Every single things you know about me
Is every single things you used to only
Hurt, hurt, hurt
Hurt me the worst

'Cause you know me the best
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
You hurt me the worst
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)

I know just what to do
To make me want something new
But I run back to you

You know me the best but you
Hurt, hurt, hurt
Hurt me the worst
You know me the best but you

Hurt, hurt, hurt
Hurt me the worst
You know me the best but you hurt
Every single things you know about me
Is every single things you used to only
Hurt, hurt, hurt
Hurt me the worst

'Cause you know me the best
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
You hurt me the worst
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
'Cause you know me the best
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
You hurt me the worst
Hurt, hurt, hurt (Hurt, hurt, hurt, hurt)
