

Wings of Justice

Galneryus

Don't be afraid
Just move ahead
Don't look back
Keep on going

Don't hesitate
Don't lose your way
Don't look back
Keep on going

Don't hesitate
Don't lose your way
Don't look back
Keep on going

Don't hesitate
Don't lose your way
Don't look back
Keep on going

I'll fly to the sky on wings of justice
Fighting the evil Bringing all peace
I'll fly over world on wings of justice
Chasing the evil until the honor will rule again

Just fight against the traitor
Flames rage in my heart
Wielding my sword
I face the overwhelming evil

Let us scream
Just move ahead
Don't look back
Keep on going

I'll fly to the sky on wings of justice
Fighting the evil
Bringing all peace
I'll fly over world on wings of justice
Chasing the evil until the honor will rule again

Just fight against the traitor
Flames rage in my heart
Wielding my sword
I face the overwhelming evil

I'll fly to the sky on wings of justice
Fighting the evil
Bringing all peace
I'll fly over world on wings of justice
Chasing the evil until the honor will rule again

Just fight against the traitor
Flames rage in my heart
