

# Angel of Death

Gamma Ray

Oh, my God, there's millions of them!  
I've seen a fire start in Frisco the day that the earth  
quaked  
I've seen buildings a-blazing, throwing up in flames  
I heard men, women and children crying out to their God  
for mercy  
But their God didn't listen so they were burned alive  
They went down, down, deep underground... in the  
disaster  
I was hanging out in Berlin in the year one thousand  
nine hundred and thirty nine  
I've seen Hitler's storm troopers march right across  
the Maginot Line  
I've seen two world wars, I've seen men send rockets  
out into space  
I foresee a holocaust: an angel of death descending to  
destroy the human race  
Down, down, deep underground... a disaster  
"In the sixteenth century there was a French  
philosopher  
By the name of Nostradamus  
Who prophesised that in the late twentieth century  
An angel of death shall waste this land  
A holocaust the likes of which this planet had never  
seen  
Now, I ask you: do you believe this to be true?"  
I was standing by the bedside the night that my father  
died  
He was crying out in pain to his God he said: "Have  
mercy, mercy!"  
His body was riddled with a disease unknown to man so  
he expected no cure  
But before he died that night, he was lost, insane  
He went down, down, deep underground... a disaster  
He went down, down, deep underground... a disaster  
He went down, down... deep underground...
