

## No Stranger (Another Day in Life)

Gamma Ray

I see a hole in the sky  
But don't ask me why I'm so down and lonely  
No one will understand why  
There's a voice in my head  
And I know it's the only

I see the children play, with fire in their eyes  
And when the day begins  
... another day in life

I'm standing tall, 'cause I won't fall  
'Cause I'm no stranger to myself  
I see horizons in my sky  
'Cause I'm no stranger to myself

Days full of joy  
Are drivin' down the pain  
Into the sun, a mother's son  
Is just about to fly

I see the morning come, with fire in my eyes  
And when the day begins  
... another day in life

I'm standing tall, 'cause I won't fall  
I'm no stranger to myself  
I see horizons in my sky  
'Cause I'm no stranger to myself

I see the morning come, with fire in the sky  
And now the day begins  
... another day in life

I'm standing tall, 'cause I won't fall  
I'm no stranger to myself  
I see horizons in my sky  
'Cause I'm no stranger to myself  
No, no I'm no stranger to myself
