

# Sabotage

Gang Starr

I want the public to know, what goes on  
I mean, look at the situation, be real

The names have been changed to protect the innocent  
Each step is intricate, I rep magnificent  
Knew this kid named Ronnie, used to make cash with Caesar  
They made a lot of money back in the 80's crack fever  
Caesar was an overachiever, a kingpin and 18-and-a-half  
He got knocked and left Ronnie to watch the team and the stash  
Plus his crib, his jewels, his whip and his girl  
And Ronnie's self-interests had him livin in a different world  
He rocked Caesar's chains, he put Caesar's rings  
Smokin mad wools all day, with Caesar's change  
Not to mention he pushed up on Caesar's wifey  
A move like that my man, extremely sheisty  
It all got back to Caesar in the bing  
They found Ronnie's body in the playground by the swings  
Anyone can get it, for sure it don't matter dawg  
Especially when a nigga tries commitin sabotage

There ain't nobody to trust  
It's got me ready, ready, ready, ready, ready to bust  
It's like sabotage, there ain't nobody to trust"  
It's like sabotage  
It's got me ready, ready, ready, ready, ready to bust"

Treachery, deception, it's best to keep a weapon  
When you think that they be breddern, they underhand your plan  
It's over for the cowardly, we grow more potent hourly  
I'm knowin where the power be, I'm scheming to get even  
Dissension can occur from within one's ranks  
The chain can be weakened, by just one link  
Pricks be galavantin from one crew to the next  
Musical click-ass niggas catch two to the chest  
My usual guess is that they chose to digress  
Disillusioned by greed, causin you to distress  
Just do what's best, clean house, leave out  
Them punks can't touch what they can't peep out  
See I'm a raw nigga, and like my pops I'm a lawgiver  
Can't throw a wrench in my game, I'm a boss figure  
Take you under my wing, it don't matter God  
Dead you if you try to commit, sabotage  
Rise for me now, kneel for me now  
Time to pass judgment, can't feel for you now  
Lay in your bed, accept your fate  
Try to clean it up, except you're late  
From the streets to the industry, peep the chemistry  
It's GangStarr shit, makin a livin see  
We put it on and when it's war it's war  
Sabotage'll have me dumpin the four

There ain't nobody to trust  
It's like sabotage"
