

## Medication

## Garbage

I don't need an education  
I learnt all I need from you  
They've got me on some medication  
My point of balance was askew  
It keeps my temperature from rising  
My blood is pumping through my veins

Somebody get me out of here  
I'm tearing at myself  
Nobody gives a damn about me or anybody else

I wear myself out in the morning  
You're asleep when I get home  
Please don't call me self defending  
You know it cuts me to the bone  
And it's really not surprising  
I hold a force I can't contain

And still you call me co-dependent  
Somehow you lay the blame on me  
And still you call me co-dependent  
Somehow you lay the blame on me

Somebody get me out of here  
I'm tearing at myself  
I've got to make a point these days  
To extricate myself

And still you call me co-dependent  
Somehow you lay the blame on me  
And still you call me co-dependent

Somehow you lay the blame on me (3x)
