

# Take A Piece Of My Soul

Garou

Saw you walkin' down the street  
On a rainy day  
Wearin' a feather in your hair  
So I had to say hi, hey hey  
And the man In the multicolored rainbow suit  
Came up to you and gave you a balloon  
That's right, what a day

Then I held you near  
Whispered in your ear

Take a piece of my soul  
I give it to you  
So make it your home

Take a piece of my heart  
One thing you can't do  
Is tear it apart  
This piece of my heart

Round and round The world it turns Like a carousel  
And my heart still burns 4u today

And days turn into nights  
And nights turn into days  
That's the way of the world  
It's true they say

When I see you sleepin' I think that I'm dreamin'

so Take a piece of my soul  
I give it to you  
So make it your home  
Take a piece of my heart  
One thing you can't do  
Is tear it apart  
This piece of my heart  
No matter what we do  
We'll always be together me and you

Take a piece of my soul I give it to you  
So make it your home  
Take a piece of my heart  
One thing you can't do  
Is tear it apart  
This piece of my heart
