

Don't Wait Til Tomorrow

Gary Clark Jr.

I'm so tired of fighting
I'm so tired of being wrong
I hate to see you crying
I wish that I could right my wrong
And make it about us again
Me and that girl ain't nothing more than friends
Tonight I'm gonna make you forget all about her
Tonight I'm gonna make you forget all about her

That light between us, it keeps me up
I can't stop thinking about it, oh
I tell them not this wrong, this can't go wrong
I'm done without sleeping around
I can't wait

I'm so tired of hiding
I know you're tired of sleeping alone
You always think I'm right
I say I'm working hard to never come home
And make it about us again
Me and that girl ain't nothing more than friends
Tonight I'm gonna make you forget all about her
Tonight I'm gonna make you forget all about her

That light between us, it keeps me up
I can't stop thinking about it, oh
I tell them not this wrong, this can't go wrong
I'm done without sleeping around
I can't wait

That light between us, it keeps me up
I can't stop thinking about it, huh
I tell them not this wrong, this can't go wrong
I'm done without sleeping around
I can't wait

Don't wait 'til tomorrow
I can't wait 'til tomorrow
(I don't know why)
Don't wait 'til tomorrow
I can't wait 'til tomorrow
(I don't know why)
I can't wait

I'm so tired of fighting
I'm so tired of being wrong
I hate to see you crying
There's no way I can't right my wrong
And make it about us again
Me and that girl always being more than friends
Tonight this gonna make you forget all about me
Forget all about me
