

## Basic J

Gary Numan

Jo the waiter spilling wine  
Over some ex-friends of mine  
In zero cafe number 9  
What you gonna say this time

Basic J, say, are you new here

New ones walking down the stairs  
Pretty young thing but no-one cares  
Jo the waiter drops the tray  
Do you always know your name

Jo the waiter smiled at me  
Jo the waiter's company  
I keep him in a book by my fireside  
A drama is my perfect bride
