

# I, Assassin

Gary Numan

We are assassins  
We are not evil  
We act with reason and heart  
Your heart

We are not vicious  
Is that surprising?  
We're so much larger than life

I, Assassin, I am  
I, Assassin, I am

"I just arrived  
Something to fix  
This new depression"

We are not hunters  
We are just patient  
We'll wait a lifetime for you  
Just you

I've never felt good  
I've never felt bad  
I've never felt much at all

I, Assassin, I am  
I, Assassin, I am

"There's nothing personal  
Just read the papers  
That's real"
