

# Metal

Gary Numan

We're in the building where they make us grow  
And I'm frightened by the liquid engineers  
Like you

My Mallory heart is sure to fail  
I could crawl around the floor just like I'm real  
Like you

The sound of metal  
I want to be you  
I should learn to be a man  
Like you

Plug me in  
And turn me on  
Oh, everything is moving

I need my treatment it's tomorrow they send me  
Singing I am an American  
Do you?

Picture this, if I could make the change  
I'd love to pull the wires from the wall  
Did you?

And who are you  
And how can I try  
Here inside I like metal  
Don't you

All I know  
Is no one dies  
I'm still confusing love with need
