## **The Hunter**

## **Gary Numan**

I'm in a big clean room
There's blood on my shirt
I'm in bad shape from the crash

Now I know it's all over Now I know it's all over you Something's wrong. Now I know it's all over Now I know the hunter's you

Oh you have the face But I have the pictures A secondhand love in a dying machine

This game turns me cold I could show you some things A child with a ghost in her eyes cries for me

We break out And we break out hungry We're looking for the priest And we're looking for you

I can't believe the noise There's nothing I can do We'll never get out of here alive

Something's wrong I can't believe it.
