

Laughter All the Time

Gary Valenciano

I asked her for a smile
She couldn't I don't know why
Could it be that it's all over
Such a short love affair
I feel it's so unfair
But what can I do
To keep this love oh so true
The feelings can't be gone
We've only just begun
Now why must we end it?
I feel we should go on
Cause I could feel the fire's warmth
The sparks of love
That keep it shining on...
I'll be standing here
Even though it's through
I have this space in my heart for you
I don't know how I'll fake it
And I doubt if I can make it
And if get to realize
Just turn and look into my eyes
Cause then you'd come know
That it was me after all....
You know we still have time
It's not too late to change your mind

Why must we end it
I feel we should go on
Cause I could feel the fire's warmth
The sparks of love
That keep it shining on...
I'll be standing here
Even though it's through
I have this space in my heart for you
I don't know how I'll fake it
And I doubt if I can make it
And if get to realize
Just turn and look into my eyes
Cause then you'd come know
That it was me after all....
That it was me after all....
I'll be standing here
Even though it's through
I have this space in my heart for you
I don't know how I'll fake it
And I doubt if I can make it
And if get to realize
Just turn and look into my eyes
Cause then you'd come know
That it was me after all....
