

Can't Find No Mercy

Gary Wright

There's rain on my window pane
And trouble inside my heart
Shattered dreams and broken yesterdays
From a life that's torn apart
What used to work for me before
Just don't do it no more

And I can't find no mercy in the darkness of this night
From this dream won't you wake me cos I'm cryin' deep inside
I need your tenderness to help me fight this emptiness
But I can't find no mercy till you take me to the light
Take me to the light, take me to the light

Gotta buy a one way ticket
Gonna leave this lonely place
Cos the broken man you see standin' here
Needs the sunshine of your grace
There's a higher road waitin' for me
And that's where I wanna be

I can't find no mercy in the darkness of this night
Can't find it, can't find it
From this dream won't you wake me cos I'm cryin' deep inside
I need your tenderness to help me fight this emptiness
But I can't find no mercy till you take me to the light
Take me to the light, take me to the light

there's a higher road waitin' for me
And that's where I wanna be

And I can't find no mercy in the darkness of this night
I can't find it no
From this dream won't you wake me cos I'm cryin' deep inside
Yes I am
I need your tenderness to help me fight this emptiness
But I can't find no mercy till you take me to the light
Take me to the light, take me to the...

I can't find no mercy in the darkness of this night
Can't find it, can't find it
From this dream won't you wake me cos I'm cryin' deep inside
Cryin', cryin'

I can't find no mercy in the darkness of this night
Can't find it, can't find it
No no no
From this dream won't...
