

Comin' Apart

Gary Wright

[Chorus]

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
How we gonna make it through it?
What's it gonna take to do it?

[Verse 1]

Once upon a time it seemed that we could do no wrong
Flyin' on our fantasies, sailin' on a song
We had it all together when we had it at the start
Now I can't stand to see it comin' apart

[Chorus]

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
How we gonna make it through it?
What's it gonna take to do it?

[Verse 2]

Now I ain't about to give up, ain't gonna let it slide
Got to find a way to light the fire we once had inside
I don't know the answer but I tell you from my heart
I just can't stand to see it comin' apart

[Chorus]

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
How we gonna make it through it?
What's it gonna take to do it?

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
Tell me we can make it through it
We'll do what it takes to do it

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
Tell me we can make it through it
We'll do what it takes to do it

My, my, my, whoa, oh, oh
How'd we ever get this way?
Where's it gonna go?
My, my, my, ooh, ooh, wee
Tell me we can make it through it
We'll do what it takes to do it

My, my, my, whoa, oh, oh
How'd we ever get this way?
