

# Connected

Gary Wright

Searchin' for a deeper life  
Then I lost my way  
Playin' hard I nearly died  
then I lost my faith

Somethin' kept me movin' on  
Wouldn't let me give in  
The pain was deep but made me strong  
then I knew I could win

Then I felt inspired deep inside I never ever felt so alive  
I feel connected, I feel connected, I feel connected, I feel co  
nnected

Life is brighter now for me  
It's a better place  
Yes you helped me to clearly see  
What I couldn't face

Now I feel inspired deep inside I never ever felt so alive  
I feel connected, I feel connected, I feel connected, I feel co  
nnected  
Yes I do

Moonlight, stars and peace are mine  
We come from the same place  
Livin' now in the sunshine  
I feel I'm part of the cosmic race

Now I feel inspired deep inside I never ever felt so alive  
I feel connected, I feel connected, I feel connected, I feel co  
nnected  
Yes I do

I feel like I'm connected...yeah  
I'm feeling so connected  
I feel connected
