

Feel for Me

Gary Wright

I'm so glad
Now that I know
That you feel for me now

My sorrow is gone
And I'm starting to let go
Can you feel for me now

I'm reeling everywhere
I look you're there again somehow
And you feel for me like I feel for you now

When I'm sad
I know you know
'Cause you feel for me now

You're the queen of my heart
And before you I bow
Can you feel for me now

Angel of light
You have dragged me from the deep
And you feel for me like I feel for you now

Oh oh, yeah
Nah Nah Nah Nah Nah Nah Nah Nah
Nah Nah Nah Nah Nah Nah Nah Nah

Don't be afraid
Never tell me why or how, no no
Just feel for me like I feel for you now, Oh Mmm

If there is a light in you
Let me feel it too
Oh, like I feel for you now

And if we meet again in another time or place
Will you know my face
Will you feel for me like I feel for you now

Oh, will you feel for me like I feel for you now
Mmm, Mmm
Oh, will you feel for me like I feel for you now
Feel, feel for me like I feel for you now
Feel, feel, feel, for me now
